TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Temple in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Temple on Tuesday, the 8th day of March, next, at ten o'clock in the forenoon to act upon the following subjects:

1. To cast ballots in the direct primary for the election of Delegates at large, Alternate Delegates at large, Delegates and Alternate Delegates to the National Conventions of the various political parties to be held to nominate party Candidates for President and Vice President of the United States.

2. To choose all necessary Town Officers for the year ensuing.

3. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriations for the same.

4. To see what sum of money the Town will vote to raise and appropriate for the maintenance of highways and bridges.

5. To see what sum of money the Town will vote to raise and appropriate for snow removal.

6. To see what sum of money the Town will vote to raise and appropriate for oiling roads.

7. To see if the Town will vote to accept State Aid for the improvement of Class V roads and raise and appropriate the sum of \$635.25 and the state will contribute \$4,243.62.

8. To see what sum of money the Town will vote to raise and appropriate for the purchase of calcium chloride or dust layer.

9. To see what sum of money the Town will vote to raise and appropriate for Memorial Day, said sum to be handled under the auspices of the Day, Quinn, Blood Ex Service Men Association.

10. To see what sum of money the Town will vote to raise and appropriate for the support of the Temple Volunteer Fire Department, said sum to be turned over to the Treasurer of the Department.

11. To see what sum of money the Town will vote to raise and appropriate for the support of the Library.

12. To see what sum of money the Town will vote to raise and appropriate for Old Age Assistance.

13. To see what action the Town wishes to take in regard to the games of Beano in said Town.

14. To see if the Town will vote to raise and appropriate the sum of \$73.00 (1/100 of 1% of the valuation of the town) to the Monadnock Region Association of Southwestern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and national advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

15. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of Taxes not exceeding the sum of \$20,000.00.

16. To see what sum of money the Town will vote to raise and appropriate for the local Civil Defense Organization.

17. To see if the Town will vote to raise \$25.00 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for the opening and maintaining of trails and old roads for forest fire protection. The New Hampshire Forestry and Recreation Commission to provide a matching sum not in excess of \$25.00 for this purpose.

18. To see if the Town will vote to raise and appropriate a sum of money for the purchase and installation of a warning system, and the State Civil Defense will contribute the same.

19. To see if the Town will vote to raise and appropriate the sum of \$250.00 for the salary and expenses of the police department.

20. To see if the town will vote to raise and appropriate the sum of Two Hundred dollars (\$200.00) to be used in co-operation with State and Federal funds for the control of White Pine Blister Rust within the confines of the town.

21. To see if the town will vote to discontinue that part of the old back road to New Ipswich, leading past the old Will Davidson place, now owned by Ann Sargent, which runs from the northern to the southern terminals of the new stretch of road recently constructed by the said Ann Sargent, which new stretch intersects said old back road at two points to the east and in front of said Will Davidson place, or take any action relating thereto.

22. To see what action the Town wishes to take in regard to the hour of holding the annual town meetings.

23. To transact any further business which may legally come before the meeting.

Given under our hands and seal this 15th day of February in the year of our Lord nineteen hundred sixty.

SELECTMEN'S REPORT

To the Citizens of the Town of Temple:

On April 1st Walter Russell, our Road Agent, gave notice that he resigned as of April 14th.

Our chairman, Mr. Benotti, unwillingly stepped into the gap and got us through mud season with flying colors.

Thanks to Joe Silva on June 2nd, we were able to obtain the services of Norman Rockwood to fill out the term of Road Agent. Contrary to some rumors, Mr. Rockwood was given a free hand and in humble opinion of Selectmen has for his first year done an excellent job.

By use of Gas Tax money of \$636.54 together with T.R.A. he completed the tar Road to Sharon Line, this in itself was quite an accomplishment.

All tar roads were patched and shouldered for winter and a lot of manual labor was done cleaning culverts and ditches.

Mr. Benotti, our Chairman, has spent countless hours serving the town. Through his and Joe Silver's efforts an estimated tax rate of \$67.40 noted at town meeting was reduced to \$64.00. There was also a Surplus of \$1,169.97, this was saved over the appropriation.

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple—

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles—use your ash tray.
5. Don't burn at home—Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, 1

Number of acres burned, $\frac{1}{4}$

Number of permits issued, 54

LIBRARIAN'S REPORT

The library has acquired 135 books this year, with the increase in the book fund and gift books. There were 23 gift books. Those giving books were; Alberta Hagar, Muriel Hyde, Barbara Hedman, Priscilla Weston, Marjorie Bowen, and Gladys Paige. Also Appleton Academy has presented their year book to the library, which is enjoyed by all visitors.

Our yearly program of donations from the organizations in town has grown from \$8.00 last year to \$30.00. Town organizations donating this year were; the Ladies Aid groups and the Historical Society. The Ladies Aid money was used especially for children's books in the middle age section, where it was needed the most. This has been one of the encouraging things done for the library to help in the purchase of new books.

Circulation of books continues to grow, and this year is 2,755. Adult books circulated, 377 Non Fiction, 276 Fiction. Juvenile Non Fiction was 387, and Fiction 1715.

During the year there was a display of Career Books, for the high school students and young adults. All these books are available at anytime in the library. And to help show what has been chosen this year, a review of some of the new books was given at a meeting of the Historical Society.

The library hours are still 2:00 P. M. to 4:00 P. M. on Wednesday afternoon and 7:00 P. M. to 9:00 P. M. on Saturday evening. Also the Book Drop is there for returning books at all times, for everyone's convenience.

SCHOOL WARRANT

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Temple qualified to vote in district affairs:

You are hereby notified to meet at the Temple Public School in said district on the third day of March 1960, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to raise and appropriate a sum not to exceed \$375 for the installation of an acoustic-tile ceiling in dining room of the cafeteria, or take any action relating thereto.

10. To see if the District will vote to authorize the School Board to make application for and to accept on behalf of the District any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and or United States.

11. To transact any other business that may legally come before the meeting.

Given under our hands at said Temple this 1st day of February 1960

SUPERINTENDENT'S REPORT

To the School Board and citizens of Temple, I respectfully submit my third annual report as your Superintendent of Schools.

Staff and Instruction

The Temple School opened this year with just one change of teaching personnel from that of the previous year. Miss Helen Stone continues as Principal and teacher of grades six through eight, Mrs. Alice Hammond continues as teacher in grades four and five. Miss Rose Nieviedgal, who was hired for the latter half of last school year resigned to teach in another area and in her place Mrs. Jennie Bracy of Ogunquit, Maine was hired to teach grades one through three. Mrs. Bracy attended courses at Castine Teachers College in Maine and taught in Chester and Croyden, New Hampshire, Provincetown and Brockton, Massachusetts and taught for many years in Framingham, Massachusetts. Most recently in 1954-55 she taught the primary grades in Cundus Harbor in Maine. Since that time Mrs. Bracy has actively substituted in the Malden school system. Miss Ethelyn Edwards continues as Music Supervisor and Dr. Claire Cayward as School Doctor. Miss Sybil Beatham who has been the School Nurse for several years, resigned her position within the Union and she was replaced by Mrs. Laila Luhtala of New Ipswich. The School Lunch Program experienced a great deal of difficulty in getting started this past year due to the impossibility of finding a well trained manager. After much investigation, especially by Mrs. Dorothea Leighton of the School Board, Mrs. Kenneth Gibbs was hired to fill this important vacancy in early December and since that time excellent progress has been made. The custodial services within the school continue to be handled by the pupils under the direction of Miss Stone.

During the past summer the Temple School Board became critically aware of the difficulties in finding well trained and qualified teachers to teach in the multiple graded room situation which is found in Temple. Actually the ultimate hiring of Mrs. Bracy to fill the vacancy came about by a method which is comparatively new to the Union, and which it is hoped will make possible a solution to this very critical and difficult problem. Advertisements in some nine newspapers in Maine and New Hampshire indicating the need for teachers within Union #63 were placed, and from some fifty to sixty responses to this ad, teachers were obtained. The applications were carefully screened for those well qualified, trained and experienced and from this group many positions were filled within the Union, including that which existed in Temple. This procedure brightens

hope that in the future, this medium can continue to be used to provide well qualified and well trained teachers for Temple and other towns within the Union. The experiment, as carried out this year, certainly has proved to be quite satisfactory.

During this past school year all school districts throughout the country have become affected by National Legislation which was passed September 5, 1958 by the Congress of the United States. This Act, the National Defense Education Act, made available to educational institutions throughout the country some billion dollars to strengthen educational effort. It seems that by the mere title of this Act, Congress shows awareness that the very defense of this country hinges upon the educational and intellectual level of its citizenry and is willing to spend such an amount of money for strengthening education in the United States. The most important provision of this Act, as far as the town of Temple is concerned, is Title Three, which provides money to strengthen education beyond the usual effort of the community in the areas of Math, Science and Foreign Languages. Funds made available by the National Defense Act are on a matching basis, each dollar that is expended to strengthen education is matched by a dollar of Federal funds. Temple's share of this huge allotment amounts to some \$110. each year for a period of three years. The School Board has already voted to expend money made available, for the purchase of a portable Science Laboratory Bench and related equipment necessary for adequately implementing instruction in Science in grades one through eight. Money for the further strengthening of instruction will be provided in the next two school years under the present Act and it is expected that upon termination of the time limit of the current Act, additional legislation will be passed.

Reference has been made in previous reports as to the educational advantage to be gained through the medium of Educational Television. At this time, television has not been made available to pupils of the Temple School. At present, all towns of Supervisory Union #63, with the exception of Temple and Greenfield, are now utilizing offerings of Educational Television. Most of these offerings are coming from New Hampshire's television station, Channel 11. You are referred to last year's report for a delineation of the values of such offerings, and it is still recommended that such a teaching aid be made available to the children of Temple.

This past year in an attempt to provide the best quality of education for the children in the upper grades, Miss Stone and Mrs. Hammond have made arrangements to teach in certain specific subject areas. Arrangements have been made for Miss Stone to

teach Mathematics in grades four to eight, an area in which she enjoys and feels unusually well versed and Mrs. Hammond is teaching Social Studies in grades four through eight, an area in which she is interested and well informed. It is felt that by capitalizing upon the special interests and abilities of the teachers, the quality of education in the school will be improved as it undoubtedly has been by this simple rearranging of teaching areas.

School Plant

The School Board's plan to perform some maintenance services within the school each year to keep the building in proper condition continues through the coming year. During this past year a ceiling was finally placed in the kitchen area, action which has been recommended for several years by the State Board of Health. During the coming school year it is hoped to provide funds to properly paint this ceiling and adjacent areas within the kitchen. Other painting that is necessary at this time is a touching-up of the outside of the building, around the windows where weathering is beginning to take place. The State Department of Health has been recommending for several years the installation of a ceiling within the cafeteria area. This has long been recognized as a task that should be performed within the school. At the time of construction of the addition, this ceiling was excluded to reduce costs. The School Board feels along with the State Department of Health that the time has finally come to take care of this final bit of improvement within the addition and is providing an article within the Warrant for action by the School District relative to this improvement.

The installation of a new burner in the boiler has eliminated what regularly was a continual source of irritation in the past. No heating difficulties have been experienced in this area during the past school year. Due to the lack of extremes in the weather, as far as rainfall is concerned, no unusual problems relating to flooding within the building have been brought to the Board's attention during the current school year. It is hoped that minor modifications in grading of the areas around the building have taken care of this problem, which used to be an annual difficulty.

The installation of storm windows on the north side of the primary room have greatly improved the possibilities of adequately heating that area, and it is hoped that by the end of this year, a reduction in fuel costs will be realized, which will justify the expenditure which was made in this project.

Special Articles

A Special Article being provided within the Temple Warrant is that which relates to the installation of a ceiling in the cateteria area, a matter which has already been referred to previously in this report. No article appears within the Warrant for flat fee contract with Appleton Academy since, in the opinion of the School Board, there would be no benefit to the School District by the acceptance of such an article and especially in view of the action which was taken by the School District at the last School District meeting.

Finance

The School Board's Budget calls for a total appropriation of \$34,900.88 which is an increase over last year's voted total appropriation of \$900.33. The total School Assessment required to cover the School Board's Budget amounts to \$33,300.88, which is an increase of some \$1,300. over the assessment set by the Tax Commission for 1959-60. This difference is brought about by a difference primarily in the balance on hand actually available on July 1, 1959 of \$1600., whereas at this time the School Board estimates a balance of only \$900. The areas of increase within the budget lie primarily within the following areas. In Item 6, an increase of \$325. for increases in salaries for teachers. In Item 7, an increase of \$125. which is budgeted to take advantage of money made available under the National Defense Act. In Item 12, an increase of \$100. in Fuel to take care of a cost which is felt at this time is a little bit more realistic than the amount which was budgeted for 1959-60. In Item 20, an increase of \$184.50 is brought about through a School Board plan to stagger insurance premium payments over a three year period and thus eliminate a large expenditure in two out of three years for fire insurance on the building. In the past there have been two policies on the building, one for \$10,000. and one for \$12,000. which meant that one year out of three no money was paid for fire insurance. This was the case in 1959-60 and accounts for the increase in this item. In the future, three insurance policies covering an amount of \$22,000., will be the arrangement so that each year the expenditures for fire insurance will be the same and will eliminate a yearly change within the budget because of this expenditure.

There are some areas of decrease within the budget which are worthy of noting. In Item 11, a decrease of \$48. exists since money which has been budgeted for garbage or trash removal has not been used. In Item 14, a decrease of \$73., indicates the smaller expenditure for painting within the building than has been budgeted in the past.

Some comment should be made it seems relative to Tuition even though there has been no change in this item. Citizens of the community should be made aware of the fact that the cost of High School tuitions has increased again for the year 1960-61 over the cost in 1959-60. This year Tuitions at Appleton and Peterborough will amount to \$400. per pupil whereas previously the cost was \$388. per pupil. At Wilton, the cost will increase from \$320 to \$350. per pupil. This increasing tuition cost plus the increased number of youngsters that will be attending High School, according to our census figures, in the future portends an increased expenditure in this area in the years to come.

Conclusion

I wish to thank the School Board and the staff for their very fine cooperation and assistance during this past school year. This cooperation has made it possible to continue effective instruction in Temple and to raise the quality of education for the children during this present year.
